JUDGE BRIEF

Grand Finale of AWS CendekiAwan Bedrock AI Solution

LOCATION
Universiti Malaya

DATE
Tuesday, 20 October 2026

SCOPE
20 teams across 5 categories
Every judge scores all 20 teams

1 Pitch format: what you will see

Problem	Solution	Demo video (pre-recorded, max 2 min)	Impact	Closing
0:00	0:45	1:30	3:30	4:15

0:00 — Each team: 5 minutes, hard stop at 5:00 — 5:00

Short deck (2–3 slides suggested) plus a **pre-recorded demo video**.

No live demo, no Q&A. Teams may present in any order.

2 How to score

1 · Take your tablet
It is already logged in for you. Just check that your name is on screen.

2 · Follow the screen
The team on stage opens by itself, in the right order. No need to search.

3 · Tap 1–4, then Submit
Pick one score per criterion. Each option is described on screen.

3 Scoring criteria & weighting

	CRITERION	WHAT TO ASK YOURSELF	WEIGHT
1	**Real problem**	Is it a real problem for real people?	**10.8%**
2	**Fresh idea**	Does it really need AI, and is it different from what people use today?	**10.8%**
3	**Built on AWS**	How well does the app use AWS, with Amazon Bedrock at its core?	**13.5%**
4	**Easy to use**	Could its intended user use it without help? (from the demo video)	**13.5%**
5	**Clear impact**	Did they explain how it helps real people?	**18.9%**
6	**Usable in real life**	Could a real organisation or community start using it?	**10.8%**
7	**Can grow**	Could it serve many more people?	**10.8%**
8	**Clear pitch**	Was the pitch clear and easy to follow?	**10.8%**
	The app adds it up: a score from 25 to 100 per team, averaged across all judges.		100%

1 Poor	2 Fair	3 Good	4 Excellent

4 Tie-breaker: category owners

Only if the top teams in a category end with exactly the same score, that category's owner picks the winner on their tablet.

Mr. Afif	**Mr. Kresna**	**Mr. Haikal**	**Mr. Aizek Zulkifli**	**Mr. Ruslan**
Smart Education	Digital Health	Sustainable Environment & Climate	Financial Inclusion & SME	GovTech & Social Impact
